# FLOOR MOUNTED CHARGER STANDS

### ENGINEERED TO LAST

Supported by experienced engineers and mechanical professionals, we are able to offer our customers comprehensive services that include design and build of any custom charger stand equipment.

### DESIGNS THAT WORK

Dual, single or stacked shelves with lift truck stops, wall mount charger brackets, cable retractors or pogo sticks, our stands come with everything you need for any charging application.

### DURABLE CONSTRUCTION

Built to last in both collapsible and all-welded designs, floor mounted charger shelves are simple and durable.

### CUSTOM COLOR

Choose a colour that matches your equipment or brand. Each stand is equipped with a durable powder coating to increase service life.

### COMPATIBLE

Our opportunity charging stations and floor mount charger shelves can be completely customized for various widths, heights and shelves and shelf configurations.

- ✓ Single or double shelf designs available
- ✓ Adjustable shelf height
- ✓ All welded or knock down options available
- ✓ Low to high volume
- ✓ Acid proof powder coating
- ✓ Custom dimensions
- ✓ Free park & charge designs available for any battery room
- ✓ A variety of accessories are available to accompany stands including pogo sticks and wall mounted charger brackets
- ✓ Custom widths and depths to suit special battery sizes and chargers

CBH offers power management solutions to meet the demands of your material handling equipment. Our team of designers will work closely with you to ensure that the proposed park & charge setup maximizes space and improves the overall flow of your battery room. We will identify the most practical locations for your charging stations and propose a custom solution that suits your needs.

### VERSA STANDS

The Versa Stand is an easily configurable charger stand that can be modified to fit any specific brand of chargers.

### FLOOR MOUNTED CHARGER SHELVES

Perfect and cost effective for larger chargers our floor mounted charger stands can be manufactured with widths up to 96".

### HIGH FREQUENCY CHARGER STANDS

Front facing, back to back, side by side or single shelf configurations are available when you select our high frequency charger stands.

### ROLLER STAND WITH CHARGER SHELF

Built with the option to accompany roller stands, our charger shelves are a cost-effective, universal charging solution.
